

Summer Term - Year 6

Reading

* Class texts: Macbeth by William Shakespeare and Fight Back by A.M. Dassu

* Making predictions and drawing inferences, justifying these with evidence from the text

* Making comparisons across books

Writing

- Narrative - The tale of the three brothers
- Balanced argument - Fairtrade vs Sustainability
- Persuasive adverts for their mini-businesses
- Letters - Macbeth
- Scripts inspired by Macbeth

Maths

- Revision for SATs on key subject areas
- Problem-solving and reasoning involving a range of concepts, including:
 - Four operations
 - Fractions, decimals and percentages
 - Ratio
 - Area and perimeter
 - Converting measures

PE

- Athletics - setting targets for improvement
- Tennis - using forehand and backhand
- Cricket and rounders- striking a bowled ball with accuracy and fielding tactically by anticipating the direction of play

PSHE

Relationships

- Help themselves and others when worried about a mental health problem
- Resist pressure to do something online that might hurt themselves or others

Changing Me

- Use strategies to prepare ourselves emotionally for the transition (changes) to secondary school
- Know how a baby develops from conception through the nine months of pregnancy and how it is born

Music

- In music lessons we will be exploring song writing by creating melodies and lyrics to fit with a simple chord sequence.

Science

- To understand animals and humans, including identifying the main parts of the human circulatory system and its functions.
- To work scientifically through a series of experiments hypothesising, planning, carrying out and concluding.

RE

- Does belief in Akhirah (life after death) help people of the Muslim faith lead a good life?
- What is the best way for a Jewish person to show commitment to God?

French

Engage in short conversations on a wider range of topics, responding with opinions and justifications where appropriate.

Me in the world

Art and DT
